Thank you. I will use the certified number. Great results!

Hi Deb -

The inspection numbers kept increasing as we reconciled our data and did a final inspection push in late September. For FY18, we actually conducted 989 inspections. We have certified this in our database, so it is a final number.

Hi Suzanne, I am trying to reconcile an inconsistency between your self-assessment and the submitted organizational assessment. Your self-assessment indicated 879 inspections while the organizational assessment states 594 inspections. Do you have a quick explanation? Please don't make more work tracking this down, if you do not know the answer. My default will be to use the org assessment in the event anyone does a comparison.
